

When a student asks or needs help....

Here are some options to consider:

- 1. Always talk to your teacher first. Your teacher may have office hours at lunch time or after school to get some help.*
- 2. Consider asking someone in the class if they can offer you some help.*
- 3. Come and apply for a peer tutor in room 23. Tutoring can take place during your spare, lunch, before/after school depending if we can find a perfect match for you.*
- 4. See Ms. Charbonneau or Mr. Tibbs in rm. 23. We have some teachers assigned during certain slots to help students. You just need to ask.*
